3.12 Safety and Quality Control

A) Quality Management System (QMS)

AI Corporate Quality Management System has a quality assurance programme, that provides for the auditing which includes safety assurance and evaluation of the management system of operations, maintenance and security functions to ensure that the organization complies with DGCA and internal requirements, satisfies stated organizational and operational needs and identifies effectiveness of safety risk controls. The QMS covers the Safety, Quality and Security Assurance functions across the Organisations. Quality and Safety Assurance Programme is the internal evaluation programme of the organisation which is a part of the QMS in compliance with the SMS requirement of DGCA (CAR Section 1, Series C, Part 1 dated 27 July, 2017) and other relevant CARs on Flight safety, Maintenance, Ground Handling, Security etc. besides the IOSA requirements.

AI has an audit planning process and sufficient resources including auditors to ensure audits are:

1. Scheduled at intervals to meet regulatory and management system requirements;
2. Completed within a time period as per the specific requirement

ISO Certification for AI's Quality Management System (QMS) Department was obtained through the Bureau of Indian Standards (BIS) in 2014. QMS has now changed over to IS/ISO 9001:2015 after clearing the ISO License Renewal Audit by the Bureau of Indian Standards (BIS) with NIL non-conformities. A fresh certificate has been issued extending the validity up to 8 December 2020.

IATA Operational Safety Audit (IOSA)

AI was the first Airline in the world to voluntarily get audited for E-IOSA (Enhanced IOSA) with new standards effective 1st September 2013, although the same became mandatory from 2015 onwards.

This is mandatory for the IATA membership and Star Alliance membership.

The last IOSA renewal audit of AI has been conducted by M/s. Quali-Audit (IATA Accredited Agency) from 26th to 30th August 2019 and AI has successfully cleared the audit and it is renewed upto January 2022.

B) Documentation Management System (DMS)

DMS functions under the QMS and is involved with all areas. A centralized Corporate Document Management System provides creation, version management, search, retrieval and dissemination of documents over a browser to all authorised personnel based on individual rights, across all Departments and all three AOC Holders and Strategic Business Units.

C) Flight Safety

The Flight Safety Department ("FSD") is a critical and vital oversight department to ensure safety in all areas as per DGCA CARs.

The Primary Work functions performed by FSD are:

- i. Investigation of Aircraft Incidents/ Accidents in a time bound manner
- ii. 100 % monitoring of Flight Data Recorders
- iii. Random monitoring of CVR's equal to half the number of aircraft in fleet
- iv. Internal Safety audits of stations on AI network
- v. Various surveillance inspections covering all operating departments
- vi. Monitoring SAFA inspections carried out on AI aircraft abroad in Europe, Gulf & South East Asia, etc & closure of SAFA findings as well as FAA findings
- vii. Conducting ramp/ cabin/ cockpit surveillance inspections on AI aircraft

viii. Promoting vital safety information through the Flight Safety Website

D) Safety Management System

AI has a Safety Management System (SMS) that is implemented and integrated throughout the organization to address the safety of aircraft operations. The scope of Corporate SMS includes all AOCs (AI, AIXL, AASL) and SBUs of MRO, Ground Handling, etc. as well as subsidiaries.

SMS is designed and implemented in accordance with the DGCA and ICAO requirements. The elements of SMS are implemented through Corporate SMS and SMS of each AOC and includes Safety Risk Assessments, Safety Assurance, reactive and proactive monitoring of trends through SPIs & SPTs, and risk mitigation and control.

E) Emergency Response Plan

AI has the Corporate Emergency Response plan (ERP) for the central management and coordination of all activities should it be necessary to respond to a major aircraft accident or other adverse events. An agreement has been signed with M/s. Kenyon International to provide passenger and kin support facilities as required.

AI also has the Special Assistance Team (SAT), called Angels of Air India, to act as a liaison between the company and the passengers, ground casualty, crew members and the families of passengers, providing them with care and assistance as required. On receipt of confirmation from the Emergency Command Centre (ECC), Angels of Air India shall be activated for deployment to the location of emergency. The establishment of this team is important since many activities associated with the emergency management shall be carried out by this team. The team shall work under the Director of Emergency Response.

F) Environment Management System (EMS)

AI is the first airline in India to establish an Environment Management System (EMS). AI has been taking up Environment Initiatives since the year 2007. AI has a Corporate Environment Management team responsible for environment management functions like regulatory compliance with DGCA, ICAO, EU TCO (European Union- Third Country Operators), Pollution Control Board regulations, Fuel Efficiency, Energy Conservation measures, Waste Management, Environment Certifications like IEnvA from IATA, Carbon Footprint Reporting, Carbon Offsetting, Environment Awareness and promotion activities across AI, AIXL and AASL.

CORSIA: The Emissions Monitoring Plan for AI and its subsidiary AIXL has been approved by DGCA. AI has started monitoring fuel consumption from all international flights of AI and AIXL as per DGCA CAR on CORSIA from 1st January

2019. AI reported carbon footprint of 0.91 CO₂ tonnes per thousand RTKM (Revenue Tonne Kilo Metres) for 2018 as compared to 1.01 CO₂ tonnes per thousand RTKM for 2017. AI's fuel efficiency has improved by utilising fuel-efficient aircraft and with the implementation of fuel efficiency measures and better load factors

EU-ETS: AI submitted its Annual Emissions Report for the emissions due to Intra-European Flights and surrendered the Carbon credits due to the emissions from intra-Europe flights before the deadline of 30th April 2019. AI is now fully compliant with EU-ETS Emissions Regulations.

Ranking of AI by Heathrow Airport, London

AI has improved its environmental performance from 42nd position in the ranking in first quarter of 2017 to 4th position in the 4th quarter (October to December 2018) due to the use of Boeing 787 Dreamliner at Heathrow, an aircraft that has 20-25% fewer CO₂ emissions and a lower noise effect than the airplanes it replaced.

G) Awards: Quality, Safety & Environment

AI has been recognized for its efforts in environment protection, and quality management and has been awarded with the following prestigious awards:

- Montreal Protocol Public Awareness Award 2007 from UNEP

**During the year 2017-18, the Hon'ble Supreme Court of India has vacated the stay granted by Hon'ble High Court of Delhi in respect of implementation of tariff fixed by AERA applicable with effect from 01/01/2016. In this regard the tariff fixed for the 2nd control period (i.e. from 1.1.2016), was lower than the tariff fixed for the 1st control period (tariff prior to 1.1.2016). In view of this judgement, DGCA issued AIC (Aeronautical Information Circular) for the implementation of 2nd control period tariff with immediate effect, however the same is still to be implemented. In the intervening period DIAL has collected from AI, an excess amount to the tune of ~INR 2,299 Million (approx) on account of Landing & Parking charges. AI has requested AERA that while fixing the tariff, the airlines who have shouldered the burden of excess amount collected may be compensated by way of discount in tariff in proportion to the excess amount collected by DIAL from respective airlines*

6. PROPOSED REALLOCATION OF DEBT AND LIABILITIES

The GOI has decided that the existing debt and liabilities of AI and AIXL (as presented in their respective balance sheets and in Table 25 and Table 50) are being reallocated such that on the date of the closing of the Proposed Transaction:

- the debt to be retained in AI and AIXL remains at INR 2,32,865 Mn; and
- the sum of certain identified current and non-current liabilities (other than debt) to be retained in AI and AIXL will be equal to the sum of certain identified current and non-current assets of AI and AIXL

It is clarified that there would be no re-allocation of debt and liabilities of AISATS.

Additional details on debt and liabilities re-allocation may be provided at the RFP stage.

6.1 Debt Allocation

At the time of closing of the Proposed Transaction, debt of INR 2,32,865 Mn will remain with AI and AIXL, and the remaining debt of AI and AIXL will be allocated to AIAHL.

As an illustration, if the Proposed Transaction were to be hypothetically closed as on March 31, 2020, the debt of INR 2,32,865 Mn would have been allocated to AI and AIXL (combined). Similarly, even if the Proposed Transaction were to be hypothetically closed as on June 30, 2020, the debt of INR 2,32,865 Mn would have been allocated to AI and AIXL (combined).

The allocation of debt to AIAHL, is subject to receipt of requisite approvals from lenders, creditors and regulators, as applicable.

6.2 Liabilities (current and non-current liabilities other than debt) allocation

Out of the balance liabilities (i.e. other than debt as mentioned in clause 6.1), certain identified current and non-current liabilities that are equivalent to sum of certain identified current and non-current assets, are proposed to be retained in AI + AIXL, as on date of the closing of the Proposed Transaction.

The remaining liabilities of AI and AIXL will be allocated to AIAHL.

As an illustration, if the Proposed Transaction were to be hypothetically closed as on March 31, 2019, the liabilities of INR 87,715 Mn (equivalent to certain identified current and non-current assets of AI + AIXL as on March 31, 2019) would have been allocated to AI and AIXL (combined). Similarly, if the Proposed Transaction were to be hypothetically closed as on March 31, 2020, and on such date the sum of certain identified current and non-current

assets of AI and AIXL is INR 97,000 Mn, then liabilities of INR 97,000 Mn (equivalent to certain current and non-current assets of AI + AIXL as on March 31,2020) would have been allocated to AI and AIXL (combined).

The allocation of liabilities to AIAHL, is subject to receipt of requisite approvals from lenders, creditors and regulators, as applicable.

6.3 Contingent Liabilities

All contingent liabilities will remain with AI and AIXL provided that the following contingent liabilities will be indemnified by GOI in case these contingent liabilities are confirmed against AI and / or AIXL.

- Income Tax;
- Customs duty;
- Service Tax (due to GOI); and
- Guarantee Fee/Penal charges due to GOI

Further details with respect to the above, and the treatment of contingent liabilities due to employees already retired, will be clarified at the RFP stage.

6.4 Corporate Guarantee

It is clarified that the Corporate Guarantees / Letters of Comfort given by AI on behalf of AASL, subject to receipt of requisite approvals, will not continue post the closing of the Proposed Transaction. However, the support extended by AI to AIXL (inter alia Corporate Guarantee etc.) will continue, post the closing of the Proposed Transaction.

6.5 Indicative Adjusted Financials *(assuming completion of transfer of certain assets, debt and liabilities featuring in the FY 2019 financials of AI, AIXL)*

It is clarified that certain assets, debt and liabilities, featuring in the financials of AI for FY2019 are still in the process of being carved out to AIAHL/GOI. The indicative adjusted financials stated below are given only to give prospective bidders a broad idea of financial position assuming:

- transfer of the assets from AI completed by 31st Mar, 2019 for the purpose of indicative adjusted balance sheet

INDUSTRY OVERVIEW: AIRLINE SECTOR

7. AIRLINE INDUSTRY OVERVIEW

7.1 Indian Air Travel Market

Overview of Indian Air Travel Market

- India is the third largest air travel market in terms of domestic passenger traffic, behind the United States and China and ahead of Japan. India aims to become the third-largest aviation market globally by 2024¹⁶.
- Indian air travel market has been showing sustained growth:
 - Domestic Air Traffic increased **~3.2x** at CAGR of ~11.0% between FY2008 and FY2019. Growth rate has significantly accelerated in last three years with CAGR of ~18.1%.
 - International traffic increased **~2.3x** at CAGR of ~8.0% between FY2008 and FY2019

Figure 15: Indian Domestic and International Traffic Growth from FY2008-19

Source: DGCA

*Passenger Traffic in millions

- Very low air traffic penetration compared to other markets globally, offering a significant potential for growth in the years ahead. In 2018, India showed a remarked growth of 18.6% in RPK in domestic airline demand, which was three times the global RPK growth of 6.5%¹⁷.

- Demand has outstripped growth in supply leading to high load factors for industry as a whole. Load factors have seen almost a 16 percentage point growth in last 10 years.

7.2 Air Travel Growth Drivers

The following are expected to be the key drivers of air travel growth in India in future:

- **Economic Growth**

India has become the fifth largest economy in the world after US, China, Japan and Germany¹⁸ in 2019. Asian Development Bank projects a growth rate of 6.5% in FY2020 for India. Proactive policy interventions are expected to result in recovery of domestic demand and investment activities, resulting in an increased growth forecast for FY2021 of 7.2%, as per Asian Development Bank Outlook 2019 report.

- **Growth in Middle Class/ Working population**

India is projected to surpass China to become the world's most populous country by 2027, as per The World Population Prospects 2019. With a population of 1.37 bn in 2019, India currently accounts for ~18% of the world's population, only ~4% behind China (1.43 bn).

- India's middle-class growth is predicted to accelerate. From 2027, India's population is set to overtake China's and the middle class may overtake that of the United States, Europe and China.
- Working population (aged between 15 and 64 years) is estimated to increase from 780 Mn in 2011 to 900 Mn by 2030, almost three times the US population.
- As per IATA, India is forecasted to gain an additional 414 million passengers by 2037, largely contributed by the growth in Indian middle-class population, as per IATA. Furthermore, the per capita income is expected to increase to almost USD 5,000 per year in 2036¹⁹.

- **Growth in Tourism**

Total contribution by travel and tourism sector to India's GDP is expected to increase from US\$ 247.30 billion in 2018 to US\$ 492.21 billion in 2028. Travel & Tourism industry's contribution to the GDP is expected to grow at a CAGR of 7.1% between 2017-2028²⁰.

Emergence of business hubs like Mumbai (Finance), Bengaluru (IT), Chennai (IT), Delhi (Manufacturing, IT), is likely to boost business travel. International tourism as well as medical tourism will be key drivers of the growth.

- **Low Aircraft Penetration Rates**

India's penetration of 0.10 annual domestic seats per capita is low relative to other developing markets such as Vietnam, China, Indonesia, Thailand and

¹⁸ Global Aviation Summit FICCI

¹⁹ IATA Air Transport Report January 2019

²⁰ IBEF Tourism and Hospitality Sector October 2019 Report/

Malaysia, where penetration rates are between 0.39 and 1.04 annual seats per capita according to CAPA²¹.

With economic growth, it is expected that India's air penetration rate will increase substantially in the next few years.

- **Expansion in Airport Infrastructure**

Indian airport infrastructure is expected to witness USD 5 bn investment between FY2018 and FY2023. The government is expected to invest ~USD 1.8 bn for development of infrastructure, navigation services and greenfield airports under PPP model by 2026²².

- Government plans to increase the number of operational airports to ~200 by FY2040 from ~103 airports currently.
- The Airports Authority of India (AAI) plans to revive and operationalize ~50 airports in India to improve regional and remote air connectivity.

- **Policy Support:**

FDI is allowed for scheduled air transport service, regional air transport service and domestic scheduled passenger airlines as per the FDI Policy.

IB's are advised to obtain own advice on the FDI and other regulations applicable to the aviation sector.

7.3 Demand and Supply Projections

CAPA Projections

Between FY2018 and FY2022, domestic ASKMs are forecast to grow at a CAGR of 13.4%, while domestic passengers carried are forecast to grow at a CAGR of 9.4%, according to CAPA.

Boeing Projections

As per the Boeing's Market Outlook 2019-2038, South Asia is projected to continue its strong passenger growth rate in the next 20 years (2019-2038) at an average of about 7.4 percent per year. India-domiciled airlines generate 80% of the total ASKMs for the region.

Boeing forecasts a demand for 2,560 new aircraft in South Asia, valued at \$365 Bn, over the next 20 years. Indian aviation market is among the fastest growing in the world.

Airbus Projections

Domestic India is projected to be fastest growing aviation market and has grown at a CAGR of 11.1% for 1998-2018 period.

By origin and destination passenger flows, India's domestic air travel market is forecast to grow 4.8 times from 2018 to 2038, the highest growth rate among the expected 20 largest markets globally in 2038.

INDUSTRY OVERVIEW: GROUND HANDLING

8. GROUND HANDLING INDUSTRY OVERVIEW

8.1 Overview

Aircraft ground handling defines the servicing of an aircraft while it is on the ground and parked at a terminal gate of an airport.

Major categories of ground handling services are:

The ground handling business is among the most profitable businesses in the air transport value chain. The graph below depicts the economic profits in the air transport value chain (excluding fuel and labor)²³.

²³ IATA Report

8.2 Ground Handling Market size

The **global ground handling** market size was estimated at USD 130 Bn in 2018 and is projected to exceed USD 190 Bn by 2025 with CAGR of ~5%²⁴. Asia Pacific aircraft ground handling market is projected to hold over 25% revenue share by 2025, on account of an increase in travel route options, regional economic expansion, rising urbanization, increasing population and prominence of travelling by air. This is supported by numerous initiatives by airport authorities for augmentation of airport and other infrastructure developments that shall stimulate the industry in the region²⁵.

8.2.1 Cargo/logistics industry

Indian logistics industry was valued at an estimated US\$ 160 Bn in 2017. It is expected to grow to US\$ 215 Bn by 2020 with a CAGR of ~10.5%²⁶.

In FY 2019, total cargo/ freight traffic in India was 3.56 Mn tonnes. Between FY 2006-19, domestic freight traffic grew at a CAGR of ~8.3% and international freight traffic grew at CAGR of ~6.9%. Total freight traffic is expected to reach 17 Mn tonnes by FY2040²⁷.

Figure 21: Freight Traffic at Indian Airports

Source: Airports Authority of India

Expanding cargo-handling infrastructure at airports, demand for speedy delivery, growth in import and export in India and increase in the number of operating flights are some of the key drivers for growth in freight traffic.

²⁶ Niti Ayog Economic Survey FY2018

²⁷ IBEF Aviation Industry October 2019 Report

Future growth in international cargo traffic is expected to be stimulated by trade agreements and trade in sectors like electronics, garments and pharmaceuticals. Growth in domestic cargo traffic is expected to be led by expansion of industrial activities. Investments in airport and logistics infrastructure are also expected to drive demand of air cargo. Government's National Air Cargo Policy 2019, which aims to make air cargo and logistics in India efficient, seamless, and cost and time effective, has also boosted the Indian air cargo and logistics industry.

8.3 Ground Handling Growth drivers

1. ***Strong growth in aviation market***

Growth in passenger traffic has been strong since the new millennium, especially with rising incomes and low-cost aviation; during FY 2008-19, domestic passenger traffic expanded at a CAGR of 11.0% and international passenger traffic registered growth at a CAGR of 8.0%. Further, by 2036, passenger traffic at Indian airports is expected to increase to 480 Mn from 345 Mn in 2018-19²⁸.

As per Airbus estimates, Domestic India is projected to be fastest growing aviation market at 10.7% CAGR (2016-26) and 8.8% CAGR (2026-36).

2. ***Increasing aircraft fleet of airline operators***

The total fleet size of scheduled Indian operators as of July 2019 stands at 643 aircraft²⁹. Backed by strong demand (CAGR ~20% for last three years), the fleet size of airline operators in India is expected to grow significantly. Indian air carriers are expected to double their fleet capacity to around 1,100 aircraft by 2027.

Many Indian scheduled airline operators such as Air Vistara, SpiceJet, Indigo and GoAir have already placed orders for fleet expansion to cater to the increased demand, resulting in new business opportunities for the ground handlers.

3. ***Government initiatives – Ground handling services at airports (as per Airports Authority of India, Notification No. F.No. AAI/OPS/707/GHR-2018, dated October 26, 2018, Notification No. F. No. AAI/OPS/707/GHR, dated September 24, 2019 and the DGCA Notification No. 10/2018, dated October 25, 2018)***

Salient/select features of the policy are provided below. However, IBs are advised to refer the detailed policy/regulations.

- Airports with an annual passenger throughput of ≥ 10 million passengers p.a. to have three ground handling agencies including that of

²⁸ IBEF Aviation Industry October 2019 Report

11. ELIGIBILITY CRITERIA

The Eligibility Criteria for the IBs are as follows:

- 11.1 Incorporation Criteria:** Any private limited company, public limited company, limited liability partnership, body corporate, whether registered or incorporated in India or outside India; or Fund; in each case which is eligible to invest under the laws of India (subject to such parties obtaining applicable statutory approvals) either as a sole bidder or as part of a Consortium are eligible to participate. Provided that if IB is a natural person, who is eligible to invest under the laws of India, it shall be allowed to participate in the Proposed Transaction only as a part of a Consortium. If the IB is not an incorporated entity, the shares of the AI shall be held through an incorporated investment vehicle (special purpose vehicle), incorporated in India, within stipulated time, as may be prescribed by the GOI in the RFP. If IB is a sole bidder and is an incorporated entity in India, it has the option to either directly hold shares of AI or hold shares through an investment vehicle (special purpose vehicle) incorporated in India, within stipulated time, as may be prescribed by the GOI in the RFP.

CPSEs or Central Government Owned Cooperative Societies i.e. entities where the direct holding of the Central Government or of other CPSEs is 51% or more or as defined and classified by the Department of Public Enterprises/GOI from time to time shall not be allowed to bid, unless a proposal is brought up for consideration of the Core Group of Secretaries on Disinvestment by GOI, if desirable in public interest.

Bids by employees of Companies participating directly or by forming a consortium (along with a bank, venture capitalist, a financial institution or Fund) will be considered in accordance with the guidelines issued by DIPAM, annexed herewith as per Annexure 13 ('Guidelines'), if the legal entity so formed is qualified as per the criteria laid down in the PIM (Also refer to Annexure 15).

- 11.2 Financial Capability:** For submitting the EOI and for being considered for subsequent qualification for Stage II of the Proposed Transaction, the IB (whether a sole bidder or a Consortium) shall satisfy the following criteria:

Net Worth: A minimum Net worth of INR 35,000 Mn (INR 3,500 Crore) computed in terms of Clause 11.3 and 11.4.

OR

ACI – A minimum ACI of INR 35,000 Mn (INR 3,500 Crore) computed in terms of Clause 11.3 and 11.4.

Note : Certain special dispensation in respect of Scheduled Airline Operator in India, for manner of satisfying the Financial Capability requirement, are set out in clause 11.3.(b)(ii) and 11.6.(c) below.

11.3 Financial Capability shall be calculated as follows:

- a) **Net Worth** means the aggregate value of the paid-up equity share capital and all reserves created out of the profits and securities premium account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, as per the audited balance sheet. Provided that for determining the Net Worth, any reserves created out of revaluation of assets, write-back of depreciation and amalgamation, intangible assets, redemption reserves, reserves made for any specific purpose shall not be included. Such methodology shall be applicable even to entities that are not incorporated in India ("**Net Worth**").

In case of LLP, Net Worth shall be calculated as aggregate value of partners' capital (aggregate value of paid up capital in the Limited Liability Partnership) and all reserves created out of the profits, after deducting the aggregate value of the accumulated losses, deferred expenditure, intangible assets, redemption reserves, reserves made for any specific purpose and miscellaneous expenditure not written off, as per the audited balance sheet. Provided that for determining the Net Worth of an LLP, any reserves created out of revaluation of assets, write-back of depreciation and amalgamation shall not be included. Such methodology shall be applicable even to LLPs that are not incorporated in India.

The cross holding of investments amongst the consortium members is also to be deducted where IB is a Consortium. The cross holding between a member of the Consortium and Affiliate of any other member of such Consortium (only in case such member is taking benefit of financial strength of Affiliate) should also be deducted.

- b) Apart from the Net Worth criteria as set out under 11.3 (a), IBs may also qualify on the basis of:
- (i) In case of Funds, on the basis of minimum investible funds (i.e. immediately available funds for investment and callable capital) subject to the limits of investment in a single investee entity in the relevant jurisdiction for a Foreign Investment Fund, or the maximum permissible investment limit for an AIF (as per SEBI (Alternative Investment Funds Regulations, 2012), as applicable ("Available Capital for Investment" or "ACI"). It is clarified that IBs other than Funds cannot use ACI for the purposes of qualification.
 - (ii) IB, other than Funds, may also qualify on the basis of Net Worth of its Affiliate, provided such IB itself has a positive Net Worth computed in terms of Clause 11.3 and 11.4. However, if the IB is a Scheduled Airline Operator in India, the condition for IB to meet positive Net Worth requirement for taking the benefit of financial strength of its Affiliate shall not be applicable. Affiliate whose Net Worth is used for qualification shall be required to provide an

unconditional and irrevocable guarantee on behalf of IB to perform and discharge all its obligations under the PIM, the RFP, and definitive documents (the format of such guarantee to be included in the share purchase agreement). The determination of the relationship of Affiliate with the IB shall be on the date seven (7) days prior to the EOI Deadline. Documentary evidence to establish such relationship shall be furnished by the IB along with the EOI (through a certificate from statutory auditor of the Affiliate (or in the event that the Affiliate does not have a statutory auditor, the person who has undertaken an audit of the Affiliate; or certificate from chartered accountant practicing in India and registered with Institute of Chartered Accountants of India in case the Affiliate is a natural person) – please refer to Annexure 16 C). In case, an IB is taking the benefit of financial strength of its Affiliate, then the Net Worth of only Affiliate would be used for the purposes of evaluation of financial capability of the IB (and IB's own Net Worth shall not be considered). For the avoidance of doubt, if "A" is an IB with a Net Worth of 50 and is using the financial strength of its Affiliate "B" that has a Net Worth of 1000, then "A" would be deemed to have a Net Worth of 1000 only (and not 1000+50) for the purposes of evaluation of financial capability of "A".

11.4 Financial Capability shall be assessed on the basis of:

Certificate from the Statutory Auditor of the IB (whether of the sole bidder or each member of the Consortium and their respective Affiliates (only in case the sole Bidder or member of the Consortium is taking the benefit of financial strength of its Affiliate) as applicable). In case the IB (whether of the sole bidder or each member of the Consortium and their respective Affiliates (only in case the sole Bidder or member of the Consortium is taking the benefit of financial strength of its Affiliate) as applicable) does not have a statutory auditor, certificate from the person who has undertaken an audit of the IB (whether of the sole bidder or each member of the Consortium and their respective Affiliates (only in case the sole Bidder or member of the Consortium is taking the benefit of financial strength of its Affiliate) as applicable) in the immediately preceding financial year. In case the IB (whether the sole bidder or each member of the Consortium and/or their respective Affiliate (only in case the sole bidder or member of the Consortium is taking the benefit of financial strength of its Affiliate)) is a natural person, certificate from chartered accountant practicing in India and registered with Institute of Chartered Accountants of India.

For supporting the certificates as mentioned above the following shall be required to be provided:

- (a) Latest audited financial statements of IB (on consolidated basis) which shall not be older than 15 months from the EOI Deadline, as certified by the statutory auditor (or in the event that the IB does not have a statutory auditor, the person who has undertaken an audit of the IB in

the immediately preceding financial year). The audited financial statements on the basis of which the Net Worth shall be worked out shall correspond to accounting periods (of not less than 12 months) already completed and audited (and shall not be based on partial periods).

Latest audited financial statements of the Affiliate (only in case IB is taking benefit of financial strength of its Affiliate), on consolidated basis which shall not be older than 15 months from the EOI Deadline, as certified by the statutory auditor (or in the event that the Affiliate does not have a statutory auditor, the person who has undertaken an audit of the Affiliate in the immediately preceding financial year). The audited financial statements on the basis of which the Net Worth shall be worked out shall correspond to accounting periods (of not less than 12 months) already completed and audited (and shall not be based on partial periods).

In case the sole Bidder/any member of Consortium and/or Affiliate (only in case IB is taking benefit of financial strength of such Affiliate) is not required to prepare consolidated financial statements as part of statutory requirements, the standalone financial statements are to be used for assessment of such entity. However, the same would be accepted only if the certificate for fulfilment of Financial Capability submitted by the relevant sole bidder/member of Consortium and/or Affiliate (only in case IB is taking benefit of financial strength of such Affiliate) clearly mentions the non-requirement for preparation of consolidated financial statements, in the manner specified in Annexure 16, Annexure 16 A or Annexure 16 C as relevant.

- (b) In case of Funds and using ACI for qualification, ACI would be considered as per the certificate issued by statutory auditor (or such other certificate as filed with the regulator in the relevant jurisdiction) not older than 3 months prior to the EOI Deadline.
- (c) In case of bids by employees of the Companies, the Net Worth of employees will be ascertained through a single certificate from a chartered accountant practicing in India and registered with Institute of Chartered Accountants of India, containing the names and Net Worth of each of the participating employees. The same should not be older than 3 months from the EOI Deadline.
- (d) In case the IB (member of the Consortium and/or their respective Affiliate (only in case the member of the Consortium is taking the benefit of financial strength of its Affiliate)) is a natural person, the Net Worth will be ascertained through certificate from chartered accountant practicing in India and registered with Institute of Chartered Accountants of India. The same should not be older than 3 months from the EOI Deadline.

Additionally, if such natural person is an NRI or foreign national, certificate from chartered accountant practicing in India and registered

with Institute of Chartered Accountants of India should also be accompanied with a notarised certificate from a chartered accountant practising in the country which such NRI or foreign individual is a tax resident of. The same should also not be older than 3 months from the EOI Deadline.

11.5 Continued Compliance with Substantial Ownership and Effective Control Criteria and FDI Policy: The IBs will be required to demonstrate to the relevant government authority and ensure continued compliance by AI, and AIXL with FDI Policy and the requirement that substantial ownership and effective control of the AI and AIXL will be vested in Indian nationals.

11.6 Additional Conditions for bidding by Consortium: IBs are permitted to form a consortium of eligible entities ("**Consortium**") to participate in the Proposed Transaction.

Formation of company: In case of EOI by a Consortium, the Consortium shall form a company (special purpose vehicle) in India/under the laws of India, within the stipulated time as prescribed by GOI in the RFP. The equity shareholding of such company shall be the same as the interest of the members in the Consortium, as submitted as part of the EOI (subject to clause 12.1).

(a) **Lead Member:** The Consortium shall have one (1) lead member.

(b) **Minimum stake requirement in the Consortium/ company:**

- (i) Each Member of the Consortium shall hold at least 10% interest in the Consortium and at least 10% equity share capital of the company (special purpose vehicle) to be promoted by the members of the Consortium for acquiring the GOI stake being disinvested in AI.
- (ii) Lead Member shall hold at least 26% interest in the Consortium and at least 26% of equity share capital of the company (special purpose vehicle) to be promoted by the members of the Consortium for acquiring the GOI stake being disinvested in AI.

(c) **Net Worth/ACI requirement:**

- (i) **Minimum Net Worth/ ACI of Each Member:** Net Worth/ACI of each participating member (on their own or through its Affiliate) should be equal to or more than 10% of the Net Worth/ACI requirement for the Consortium (i.e. 10% of INR 35,000 Mn). However, if the member of the Consortium is a Scheduled Airline Operator in India, the condition to meet minimum share of Net Worth requirement shall not apply to such member provided interest (in Consortium) and equity shareholding of such member in the company (special purpose vehicle promoted by the members of the Consortium for acquiring the Company) is restricted to maximum of 51%. In case of a foreign airline (i.e.

airline which is not a Scheduled Airline Operator in India), the requirement to meet minimum share of the Net Worth/ACI requirement shall remain applicable

(ii) **Aggregate Net Worth/ ACI of Consortium:** The aggregate Net Worth (or ACI if applicable) of all the members of the Consortium should meet the Net Worth/ACI requirement as mentioned in clause 11.2 above. The negative Net Worth of a member, only if it is a Scheduled Airline Operator in India, would be considered as nil (assuming the Scheduled Airline Operator has not taken the benefit of financial strength of its Affiliate). However, the remaining members of the Consortium in this case will have to meet the minimum Financial Capability for Consortium as a whole and also their respective, Net Worth/ACI requirement in the Consortium.

8. The confidentiality obligations contained in this Undertaking may at the discretion of the Government, the Company and the Advisors, be amended, modified or superseded upon the Bidder and the Consortium Members and/or any company formed and promoted by them executing definitive agreements, but shall be without prejudice to any of the Advisors', the Government's or the Company's rights in respect of any breach of this Undertaking which may have occurred prior to such amendment, modification or supersession.

The Bidder/ Consortium Members agree(s) that the Government reserves the right, in its sole discretion to modify the process of the Proposed Transaction in any part and/or to vary any terms at any time without prior notice to the Bidder/ Consortium and/or to reject any or all proposals made by the Bidder/Consortium with regard to the Proposed Transaction.

Any destruction or return of Confidential Information and other materials pursuant to the foregoing must be confirmed by the Bidder/ Consortium in writing to each of the Advisors, the Government and the Company as being exhaustive, and such confirmation must include a list of the destroyed materials and returned materials. The Bidder/Consortium acknowledges that the return of the Confidential Information and the return or destruction of the Confidential Information pursuant to termination or otherwise shall not release the Receiving Party from its obligations under this Undertaking.

11. The Receiving Party shall not deal or communicate with any officer, director or employee of the Government or the Company regarding the business, operations, prospects or financing of the Company, without the Advisors' prior written consent. It is understood that the Advisors will arrange for appropriate contacts for due diligence purposes in connection with the Proposed Transaction. Unless otherwise agreed to by the Advisors in writing (i) all communications regarding any possible transaction, (ii) any requests for additional information, (iii) any requests for management meetings, and (iv) any queries regarding the Proposed Transaction, will be directed exclusively to the Advisors. However, if the Receiving Party is called upon by the Government and/or the Company for any discussions, the Receiving Party will do so or meet the Government and/or the Company only after duly informing the Advisors in writing.
12. The Government reserves the right, in its sole discretion, to reject any and all proposals made by the Receiving Party with regard to the Proposed Transaction and to terminate discussions and negotiations with the Receiving Party at any time. Without limiting the preceding sentence, nothing in this Undertaking (i) requires either the Bidder/Consortium or the Government to enter into the Proposed Transaction or to negotiate such Proposed Transaction for any specified period of time or (ii) requires the Advisors, the Government or the Company to enter into an agreement or an understanding, or prohibits the Advisors, the Government or the Company from entering into any agreement or understanding, for proceeding with the Proposed Transaction with any other Person.
13. For a period of 1 (one) year from the date of this Undertaking or till 6 (six) months from the date of closing of the Proposed Transaction, whichever is later, the Receiving Party shall not, directly or indirectly, solicit for employment or hire any employee of the Company.

14. The Receiving Party agrees that from the date of this Undertaking till the closing of the Proposed Transaction or as the case may be, till the time the Bidder and/or Consortium Members decide not to proceed with the Proposed Transaction or the Government terminates discussions and negotiations with the Receiving Party, whether pursuant to Clauses 8 or 9 or 10 or 11, whichever is earlier, the Receiving Party shall not, directly or indirectly, buy, sell, negotiate, or enter into any arrangements for the purchase and / or sale of any of the shares of the Company, or advise any other person directly or indirectly to buy, sell, negotiate or enter into any arrangements for purchase and / or sell any of the shares of the Company, or take any action or make any statement or announcement that may affect the price of the shares of the Company or which may affect the existing shareholding structure of the Company.
15. The Bidder/ Consortium understands, acknowledges and agrees that the Government, the Transaction Advisor and the Company retain the right to determine, in their sole discretion, the information that they wish to make available to the Receiving Party and the personnel through whom the same will be made available. Further, nothing in this Undertaking shall amount to or be construed as the Disclosing Party making any representations or warranties, express or implied, as to the accuracy and/or completeness of the Confidential Information and the Disclosing Party shall have no liability whatsoever to the Receiving Party resulting from the Bidder's/ Consortium use of the Confidential Information. The Bidder/ Consortium also agrees that if it determines to proceed with the Proposed Transaction, its determination will be solely based on the terms of the definitive agreements as well as on its own investigation, analysis and assessment of its investment. Moreover, unless and until such definitive agreements are entered into, neither the Government nor the Bidder/ Consortium will be under any legal obligation of any kind with respect to the Proposed Transaction except for the matters specifically agreed to in this Undertaking or in another written and duly executed definitive agreement.
16. The Bidder/ Consortium hereby indemnifies and agrees to hold the Advisors, the Administrative Ministry, the Government and the Company indemnified and harmless from all and any damages, losses, costs, or liabilities (including legal fees and the cost of enforcing this indemnity) arising out of or resulting from any unauthorized use or disclosure by any Receiving Party of the Confidential Information or other violation of this Undertaking (notwithstanding that a Receiving Party may not be party to this Undertaking) or of any similar undertaking or agreement. In addition, because an award of money damages (whether pursuant to the foregoing sentence or otherwise) would be inadequate for any breach of this Undertaking or any similar undertaking or agreement by the Receiving Party and any such breach would cause the Disclosing Party irreparable harm, the Bidder/ Consortium also agrees that, in the event of any breach or threatened breach of this Undertaking or such similar undertaking or agreement, the Advisors, the Government or the Company will also be entitled, without the requirement of posting a bond or other security, to equitable relief, including injunctive relief and specific performance. Such remedies will not be the exclusive remedies

for any breach of this Undertaking but will be in addition to all other remedies available at law or equity to the Advisors, the Government and/or the Company.

17. The Bidder/ Consortium understands, acknowledges, confirms and agrees that each of the Government, the Company and the Advisors are beneficiaries under this Undertaking. The Bidder/ Consortium further agrees and confirms that each of the Government, the Company and the Advisors, will be entitled to and may enforce, either individually or jointly, the obligations imposed on the Receiving Party under this Undertaking.
18. The Bidder/ Consortium agrees that no failure or delay by the Advisors/the Government / the Company in exercising any right, power or privilege hereunder will operate as a waiver thereof nor will any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any right, power or privilege hereto.
19. The terms of this Undertaking may be varied only with the Company's and the Government's prior written agreement. This Undertaking shall be effective as of the date first above given on the first page of this Undertaking and may be terminated only with the prior written consent of the Administrative Ministry.

OFFICE MEMORANDUM

**Sub: Guidelines for qualification of Bidders seeking to acquire stakes in
Public Sector Enterprises through the process of disinvestment**

Government has examined the issue of framing comprehensive and transparent guidelines defining the criteria for bidders interested in PSE-disinvestment so that the parties selected through competitive bidding could inspire public confidence. Earlier, criteria like Net Worth, experience etc. used to be prescribed. Based on experience and in consultation with concerned departments, Government has decided to prescribe the following additional criteria for the qualification / disqualification of the parties seeking to acquire stakes in public sector enterprises through disinvestment:

- a) In regard to matters other than the security and integrity of the country, any conviction by a Court of Law or indictment / adverse order by a regulatory authority that casts a doubt on the ability of the bidder to manage the public sector unit when it is disinvested, or which relates to a grave offence would constitute disqualification. "Grave Offence" is defined to be of such a nature that it outrages the moral sense of the community. The decision in regard to the nature of the offence would be taken on case-to-case basis after considering the facts of the case and relevant legal principles, by the Government, Grave Offence would include the below noted cases:
 - a. Only those orders of SEBI are to be treated as coming under the category of "Grave Offences" which directly relate to "Fraud" as defined in the SEBI Act and / or regulations.
 - b. Only those orders of SEBI that cast a doubt on the ability of the bidder to manage the public-sector unit, when it is disinvested, are to be treated as adverse.
 - c. Any conviction by Court of Law.

- d. In cases in which SEBI also passes a prosecution order, disqualification of the bidder should arise only on conviction by the Court of Law.
- b) In regard to matters relating to the security and integrity of the country, any charge-sheet by an agency of the Government / conviction by a Court of Law for an offence committed by the bidding party or its Associate Company as defined in Companies Act, 2013 would result in disqualification. The decision in regard to the relationship inter-se between the concerns, would be taken based on the relevant facts and after examining whether the two concerns are substantially controlled by the same person/persons.
- c) In both (a) and (b), disqualification shall continue for a period that Government deems appropriate.
- d) Any bidder, which is disqualified from participating in the disinvestment process, would not be allowed to remain associated with it or get associated merely because it has preferred an appeal against the order, based on which it has been disqualified. The mere pendency of appeal will have no effect on the disqualification.
- e) The disqualification criteria would come into effect immediately and would apply to all bidders for various disinvestment transactions, which have not been completed as yet.
- f) Before disqualifying a bidder, a Show Cause Notice as to why it should not be disqualified, would be issued to it and it would be given an opportunity to explain its position.
- g) These criteria will be prescribed in the advertisements seeking Expression of Interest (EOI) from the interested parties. The interested parties would be required to provide the information on the above criteria, along with their Expressions of Interest (EOI). The bidders shall be required to provide with their EOI an undertaking to the effect that no investigation by a regulatory authority, which if decided against the bidder, may disqualify the bidder in terms of (a) & (b) above or the eligibility criteria prescribed in the EOI, is pending against them. In case any investigation is pending in case which if decided against the bidder, may disqualify the bidder in terms of (a) & (b) above on the eligibility criteria prescribed in EOI against the bidder or the concern in which the bidder has substantial interest or against its CEO or any of its Directors/Managers, full details of such investigation including the name of the investigating agency, the charge/offence for which the investigation has been launched, name and designation of persons against whom the investigation has been launched and other relevant information should be disclosed, to the satisfaction of the Government. For other criteria also, a similar undertaking shall be filed along with EOI. (sd/-)

ANNEXURE 15: DIPAM GUIDELINES FOR EMPLOYEES BIDS

No. 4/38/2002/DD-II

Government of India Ministry of Disinvestment

Block No.14, CGO Complex,
Lodi Road, New Delhi.
Dated: 25th April, 2003

OFFICE MEMORANDUM

Subject: - Guidelines for management-employee bids in strategic sale.

Employee participation and protection of employee interests is a key concern of the disinvestment process. The practice of reserving a portion of the equity to be disinvested for allocation to employees, at concessional prices, has been adopted in a number of cases. It is necessary and expedient to evolve and lay down guidelines to encourage and facilitate management-employee participation in the strategic sales and thus to acquire controlling stakes and manage disinvested public sector undertakings. The undersigned is directed to state that Government has, therefore, decided to lay down the following guidelines for evaluating employee/management bids:-

- (i) The term 'employee' will include all permanent employees of a PSU and the whole time directors on the board of the PSU. A bid submitted by employees or a body of employees will be called an "employee bid".
- (ii) At least 15% of the total number of the employees in a PSU or 200 employees, whichever is lower, should participate in the bid.
- (iii) An employee bid would be exempted from any minimum turn over criterion but will be required to qualify in terms of the prescribed Net Worth criterion. They will be required to follow the procedures prescribed for participation by Interested Parties in the process of strategic sale including, but not limited to, filing the expression of interest along with all details, as applicable to other investors, furnishing of bank guarantee for payment of the purchase price etc.
- (iv) Employees can either bid directly and independently or, for the purpose of meeting the financial criteria like Net Worth, can form a consortium or bid through a joint venture (JV) or a special purpose vehicle (SPV), along with a bank, venture capitalist or a financial institution. However, employees will not be permitted to form consortia with other companies.
- (v) If the bidding entity of the employees is a consortium, JV or SPV, employees must have a controlling stake and be in control of the bidding entity.

- (vi) If the bid is submitted through a consortium, JV or SPV, employees must contribute at least 10% of the financial bid.
 - (vii) If the employees form a consortium, the consortium partners would be prohibited from submitting individual bids independently.
 - (viii) If it is not the highest bid, the employee bid shall be considered only if the said bid is within 10% of the highest bid.
 - (ix) The employee bid shall, subject to fulfilling the conditions above, have the first option for acquiring the shares under offer provided they match the highest bid and the highest bid being equal to or more than the reserve price.
 - (x) If the employee bid is not the highest bid and there are more than one employee bids within the 10% band, the highest of the employee bids will have precedence for purchase at the highest bid. If such employee bidder is unwilling or unable to match the highest bid, the option will pass on to the next highest employee bid and so on till all the employee bids, within the 10% band, are exhausted.
 - (xi) In the event of no employee bidder, within the 10% band, being willing or able to match the highest bid, the shares under offer will be sold to the highest bidding entity.
 - (xii) There will be a lock in period of one year for the shares disinvested by the Government.
2. All the bidders for the management-employee buy-outs will also have to satisfy the provisions of the 'Guidelines for qualification of bidders seeking to acquire stakes in Public sector Enterprise through the process of Disinvestment' issued vide the then Department of Disinvestment's Office Memorandum No.6/4/2001-DD-II dated 13th July 2001 or as amended subsequently along with other qualification criterion as generally applicable and not specifically excluded herein.
